Road Report –

Tony: Roads are in good shape, crack sealing delayed because of product delay - covid. Signs etc are also on order but delayed due to covid. Pelican Way – have not patched because waiting for fresher cold patch from Anderson Brothers, once available will fix.

Lakeview Boulders- road size? Buck will call Doug Hansen from Crow Wing County to pursue finding filed documents, Snow plowing issue – no where to push the snow because pushed into the road and the road right of way space over filled, recourse would be calling PD and citation being issued. May need a lawyer involved ultimately.

Tina Wallin Property on Red Oak – new raised bed in ROW with rocks, spoke with Michael Andrus, willing to move rocks as they could break the plow and would mean slippery road. This is in Lake Edward but we plow thus the concern. Board is ok with this resolution.

Committee Reports – nothing to report

Zoning Issues – Verbout DRT – Westerberg Attended

Has to be at angle – septic, how far is it from the building? Sewer pipe would be under the slab?
Is the building envelope reached? PCOAB in August

New, Old, Other Business – roof leak – pipe caught by snow slide off, John Haley made a temporary fix, will be out later to make a permanent repair and additional measures to help prevent snow damage.
